"I have worked with Surapsari ("Sari") through The Arts and Cultural Alliance of Sarasota, Florida. She completed the Alliance training as a prerequisite for being certified as an Artist in the Schools of Sarasota County and is posted on the Sarasota Board of Education's website, EdExploresrq.com. Sari produced many excellent programs for the schools including lesson plans, cultural and historical background information and aligned the materials with the Next Generation Florida Sunshine Standards. She has devised pre and post activities for the teachers to prepare and then continue the study of Balinese and Indian cultures and performances. I have seen Sari and her Balinese performing arts company, Purnama Sari perform locally many times. She is thoroughly professional, her costumes are authentic and beautiful, and it has always been an enriching experience. I would highly recommend Sari and Purnama Sari Balinese Performing Arts Company for school performances and teaching artist residencies."
